Phone: 408.265.2607x2253
Fax:
Street: 5750 Almaden Expressway
City: San Jose
State: CA
Zip: 95118

Comments:

The Santa Clara Valley Water District has jurisdiction and permitting authority over the streams and watercourses within Santa Clara County. We are interested in any alignments that cross over (or under) any of these streams. In addition we are interested in any impacts created by the alignment to the 1% or 100 year floodplain and any mitigation measures proposed to ameliorate impacts to the floodplain. Because of our local permitting authority, the District should be considered a responsible agency.
